

About NORC

We are Nano Oil Refining Company GmbH. Incorporated in 2014 as a limited-liability company in Hamburg, Germany, we may be new to you. But we are really not.

Since [YEAR], we've been a behind-the-scenes petrochemicals research & development company. And we have now proudly stepped into the spotlight with our **innovative maintenance solutions under the 'NORC' name.**

We research, develop, make and market a wide range of **NORC lubricants, fluids, additives & greases for the automotive, marine and industrial sectors, including NORC specialty solutions and NORC vehicle care & maintenance products.**

Every NORC product is **researched, developed & made in Germany** to exacting quality standards. Which means, our know-how, expertise & stringent quality control system guarantee ***NORC products not only exceed established standards, they also ensure superior protection and/or performance.***

Besides Germany, **NORC products are now available in the Middle East.** The fact that we have been able to already become a primary supplier to several clients in the GCC region is a testament to the superiority of the NORC product range.
