

Your skin is the only expert you should listen to

These women did . . . and saved themselves the
trouble of using popular skin-care creams that
just don't work

Why not join them and save \$65.05 today?

"As a physician, I wash my hands at least 50 times per day. Add my after-work interests of horses, and my hands take a beating. I've slathered with all kinds of lotions for years, but without constant attention, my hands suffer.

I bought the Infinite Aloe Skin Care Cream at a horse expo a couple weeks ago. I wasn't sure if it would be any better than my drawerful of creams. But I was amazed!!

Within a day or two, my hands were smoother. Within a week, they're "normal." It takes a tiny bit of lotion. It rubs in well, almost seeming like I didn't apply anything. But my hands are smooth, no cracks. The lotion does not wash off like most others I've tried.

I've used the cream literally from head to toe -- well actually "on head and toe." With just a little each night, my feet are pretty normal. No more embarrassing thick heels. No more scratching my husband with my foot callouses!

*And I've used it on my face. My favorite part is that it gets into the skin well, so there's no oiliness on the surface. I've had problems with my mascara wearing off through the day, but with this lotion, I've had no problems!—Horsemom**

"This is the first lotion/cream that I found that really works. I can tell when I forget to use it because my cuticles will get dry and bother

*me. My skin remains soft and it helps heal any dryness and skin cracks after working in the yard and house."—D.K.**

*"This is the best lotion I have ever tried. I haven't bought another brand since 2005. I have dry hands. And other lotions go on so greasy it takes either too much to cover my ashy hands or it takes too long for those other lotions to absorb into my skin. Infinite aloe works instantly, absorbing directly into my skin. Other thing I found out. It won't freeze. And it doesn't turn to liquid in the summer. I'm African American and my skin gets dry but not ashy anymore bc of this miracle skin cream."—F. Jolie, Chicago, IL**

*"This is the best face cream ever, light and hydrating and it really works."—Karen O.**

*"A great skin cream. I've tried using other products and always come back to this one. It's also great for any rashes or inflamed skin."—Fiona R. Carreira**

"I have very sensitive skin. Easily irritated. First time I used this, it cleared up a rash from chlorine (swimming pool.) It is the best on dry skin, heat rashes, sunburns. If I could only take one cream in a suitcase, this would be the one."—L. Devora

*"I am 62 years old and have dry skin, but in the winter it is worse. This is the only cream that stops the cracks and actually keeps my skin healthy!"—J. G. Booth, Plattsburgh, NY**

"I have used this product before several

*years ago and ran out of it for a year or so and NOTHING compares. I tried all kinds of lotions and creams and was so desperate to go back I could not wait for the Women's Expo this year to purchase. The truth is...my skin is hydrated and less wrinkled and no chaffed hands!! I use it on my face, hands and it feels so wonderful. I will never go without it again!!"—Elizabeth M. Boteler**

*"I work outside, exposure to changing elements part of my life. I also have roscea with dry scaly skin, this cream is the first treatment that I see improvement with. Thank you!!!"—Teresa Wheeler**

"My husband and I love this product. It removed many acne scars and rough skin on my face and helps him with his dry, sensitive skin. We have tried several other similar products and personally saw the most results with this one so after our first supply ran out

*we were quick to repurchase. We both use a little a day and it last a long time."—Kelly, San Dimas, CA**

*"I have tried everything to heal my hands from splitting in the winter and this aloe is the only one that worked. I have used all the high end products and none compare to aloe. My face is so moisturized and the skin is brighter. I can't tell you how many compliments I receive on my skin. Even the soles of my feet, including the heels are beautifully soft. You will empty out everything else from your cabinets. This is all you need!"—J. Regan, Weymouth, MA**

*"I have been using Aloe Skin care for about a year, and I absolutely love it! It is very light, non greasy, and moisturizes my very dry skin better than any product I have ever used before."—Karen A. Vernon**

Is it too much to ask for a skin cream that is non-greasy and actually nourishes your face & body for 5-8 busy hours at a time?

Is it too much to ask for a skin cream that does not leave your face and skin practically ghost-white?

A skin cream that is formulated to quickly absorb up to 7 layers deep?

A skin cream that does not just sit there on your face like a mask or leave your skin tight or embarrassingly shiny and sticky to the touch? Or hot and irritated?

A skin cream that you don't have to smear yourself with again and again because a little goes a long way even if you often wash your hands/face or shower?

A skin cream that doesn't smell off-putting—like plastic, a newly painted room or worse?

A skin cream that moisturizes without clogging up your pores?

A skin cream that even balances oily skin?

It's never too late to switch to a face & body cream that actually works because it isn't just water in a jar or tube

Check the label of as many supermarket, drug store and other skin creams as you like.

'Aqua' is their primary ingredient. Which means those skin creams are mainly water in a jar

or tube.

But the human skin is naturally water-resistant.

Which means most water-based skin creams fail to penetrate deep enough to make any real difference.

Now take a look at *InfiniteAloe Advanced Formula Skin Care Cream*.

The #1 ingredient in *InfiniteAloe Advanced Formula Skin Care Cream* is 100% organic *Aloe vera* which has been grown without using either pesticides, herbicides or chemicals.

Yes, *Aloe vera* itself contains a lot of water.

But it also contains:

- => **Vitamin E**, an anti-inflammatory and antioxidant essential for the maintenance of healthy skin
- => **Vitamin C**, an antioxidant which together with vitamin E helps decrease the number of cells damaged by sunburn, DNA damage, erythema (inflammation of the fat cells under the skin), and dark spots caused by UV exposure
- => **Bradykinase**, an enzyme that reduces excessive skin inflammation
- => **Auxins and gibberellins**, hormones that heal wounds and reduce inflammation
- => **Fibroblasts**, cells that secrete collagen proteins—collagen is the “glue” that holds your body together, and is found in the human skin, ligaments and tendons.
- => **Elastin**, a protein which together with fibroblasts makes the skin more elastic and reduces wrinkles
- => **Zinc**, an astringent that tightens pores—it is also an anti-inflammatory and reduces erythema
- => **Mucopolysaccharides**, sugars that help bind moisture into the skin and soften it
- => **Lignin**, an organic substance that helps the other ingredients in *InfiniteAloe Advanced Formula Skin Care Cream* to penetrate deep into the skin
- => **Lupeol, Salicylic acid, Urea nitrogen, Cinnamonic acid, Phenols and Sulfur**, antiseptics that fight fungi, bacteria and viruses
- => **Amino acids**, which help soften hardened skin

=> **Saponins**, soapy substances that cleanse and disinfect the skin

Because of its potent *Aloe vera*-based formula, *InfiniteAloe Advanced Formula Skin Care Cream* absorbs up to 7 layers deep . . . and moisturizes & nourishes your face, hands, feet and body like no ordinary skin cream.

The result?

Visibly reduced fine lines & wrinkles . . . and healthy, younger-looking and radiant skin.

No matter what your skin color, *InfiniteAloe Advanced Formula Skin Care Cream* works even if:

- you live and work in a harsh environment
- you frequently wash your hands & face and/or shower
- your skin dries out both indoors and out
- you have very dry skin or menopause dryness . . . or
- you want to fight skin aging caused by factors such as occupational exposure, sun damage, tobacco smoke, excessive drinking (more than one drink a day), pollution, chemicals, weakening skin elasticity, thinning skin, genetic factors, poor diet, and gravity.

"Best facial and body cream I have ever found. This is especially true for dry climates. I live in Arizona - and it makes my skin feel well nourished and soft without the greasy or heavy feeling of other dry skin cream. I love to use it on my face and neck prior to putting on make up."—Jean Hunt

"A friend gave me a partial 0.5oz jar to try on some very stubborn dry skin on my elbows. After noticing a significant difference in the appearance of my elbows, I started using some on my face and neck. It has made a significant difference in my skin's feel and appearance in a very short period of time."—Kelley B. Sollars, Woodbridge, VA

"Excellent moisturizer, leaves face feeling soft and supple. It lasts all day and can be used again at bedtime. Not sticky or greasy."—Beverly M. Brady

"I have very dry skin all over with an extremely oily t-zone and mild acne problem on my face. The t-zone oiliness and acne have been a problem for the last year (middle age hormone changes I think) and

the dry skin has been a struggle since I can remember. My skin feels great and Infinite Aloe serves as a great base for applying my makeup - flawless finish and it last for hours and hours without becoming shiny."—Dana S.

"I must admit I was a bit skeptical when I first bought this product at Sam's Club but I have been nothing but pleased with its results. I find that my skin looks healthier, the tone is more even and I am not kidding, I really feel like the fine lines in my face have diminished. I also have found that this product really does have great healing properties, I have used it on everything-including as a chamois cream after cycling!"—Lisa Nowaskey

"I found this product at a show in Las Vegas this year - and immediately knew it was the right product for me! It smells great, is light (NOT greasy), is made out of a holistic botanical and makes my skin feel very soft. It has especially helped on my heels - to keep my feet looking respectable while wearing sandals."—Cindy Wix Ingling

"I am 76 years and this has really made my skin look good helps mellow out the age spots on my arms and face."—Joanne S.

*"The best skin care cream I have ever found. Last year my boss gave me a trial size of this cream and I have been hooked ever since. Not greasy feeling and it lasts all day.—
Dondee L. Boylan**

"I have extremely oily skin in my Tzones, vey dry on my cheeks, am prone to breakouts, and my skin is extremely sensitive. I am 30

*and had never found anything that I was happy with to use on my face, until I found this. It isn't oily, it balances out my skin and makes my skin so soft! I also have extremely brittle nails and it helps that too!"—A. D.,
Alaska**

*"I have never had a face cream that I love as much as this one. It is light weight and does not clog my pores. I am older now and need to take better care of my skin, this moisturizer does the trick."—Sevana**

Could *InfiniteAloe Advanced Formula Skin Care Cream* be the one skin-care cream that finally simplifies your life?

American women spend \$426 billion a year on beauty products.

In a web survey conducted by Portland State University's Survey Research Lab, women 17-51 years of age or older identified no fewer than 8,015 individual personal-care products.

Clearly, it is expensive and complicated to be a woman.

But it need not be so.

InfiniteAloe Advanced Formula Skin Care Cream can simplify your life because it has all the skin-friendly ingredients you would find in a dozen or so skin creams. The provenance of each ingredient (including substantiation of the harvesting process) is verified to ensure purity and natural quality of the plant oils and essences:

Ingredient	What is it?	What does it do?
Aloe barbadensis	An oil-soluble leaf extract of the <i>Aloe vera</i> plant.	Prevents skin from going dry. Reduces roughness and cracking. Skin feels softer and smoother. Soothes irritated, inflamed or injured skin.
Glycerin	A naturally occurring compound that can be processed from natural fats and oils of plants or animals.	Skin no longer dries out. Skin feels softer and smoother. Roughness, cracking and irritation are reduced.
Glyceryl Stearate	Semi-synthetic or synthetic compound derived from glycerin and fatty acids.	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced.
Cetyl Alcohol	Semi-synthetic or synthetic compound.	Skin feels moisturized, softer and smoother. Roughness, cracking

		and irritation are reduced.
Isopropyl Palmitate	Semi-synthetic or synthetic compound.	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced. Dust and other air-borne particulates slide off the skin.
Corn Oil	Natural golden-colored oil derived from corn kernels (<i>Zea mays</i>).	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced.
Cetyl Lactate	Semi-synthetic compound.	Prevents skin from going dry. Reduces roughness and cracking. Skin feels softer and smoother.
Soluble Collagen	A soluble form of collagen, an animal protein, usually of bovine origin.	Skin no longer dries out. Dust and other air-borne particulates slide off the skin.
Apricot Kernel Oil	Oil extract from the kernels of apricots.	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced.
Hyaluronic Acid	A naturally occurring glycosaminoglycan that helps retain water in skin. The hyaluronic acid in <i>InfiniteAloe Advanced Formula Skin Care Cream</i> is the same variety that dermatologists use to treat wrinkles.	Repairs tissue, heals and moisturizes. This antioxidant helps reduce wrinkles, heal wounds, lubricate joints, and is a key to youthful-looking skin.
Ubiquinone (Coenzyme Q10)	CoQ10 is part of an enzyme complex that affects certain chemical reactions in the body. It occurs naturally in the body and can also be found in a number of foods, such as mackerel, salmon, sardines, beef, soybeans, peanuts, and spinach.	Reduces skin roughness and fine wrinkles when used in combination with minerals and other antioxidants.
Dimethyl MEA	Powerful antioxidant	Prevents and reverses skin aging and improves firmness of skin.
Thiotic Acid (Alpha Lipoic Acid)	A disulfide compound, it is a powerful antioxidant.	Fights free radicals better than most other antioxidants.
Hexanoyl Dipeptide-3 Norleucine Acetate	Amino acid compound	Stimulates the skin's natural "shedding" process to rejuvenate the skin.
Lecithin	A natural antioxidant and skin softener mainly derived from egg yolks or soybeans.	Reduces skin damage caused by free-radical activity, and softens skin.
Rose Hips Fruit Oil	Oil extracted from the fruit of various species of wild roses.	This vitamin C-rich antioxidant shields <i>InfiniteAloe Advanced Formula Skin Care Cream</i> from microbial growth.
Tocopheryl Acetate (Vitamin E)	Natural extract or prepared synthetically.	This important anti-inflammatory and antioxidant is essential for the maintenance of healthy skin
Wheat Germ Oil	Oil extracted from the germ of the	Rich in vitamin E (see above).

	wheat plant (<i>Triticum vulgare</i>).	
Grape Seed Oil	Oil extracted from grape seeds (<i>Vitaceae</i> family).	Prevents skin from going dry. Reduces roughness and cracking. Skin feels softer and smoother. Soothes irritated, inflamed or injured skin.
Fennel Fruit Extract	Extracts obtained from the herb fennel (<i>Foeniculum vulgare</i>), a member of the carrot (<i>Umbelliferae</i>) family.	Stimulates blood flow, fights inflammation and fights male pattern hair growth in women with a normal normal ovulatory menstrual cycle and normal levels of androgens. (http://www.ncbi.nlm.nih.gov/pubmed/13678227)
Yucca Schidigera Extract	Extracts obtained from the Mojave Extract (a.k.a. Joshua Tree, Adam's Needle) plant.	Increases cell growth and fights irritation. Traditionally used by Native Americans of the Southwest to treat burns and abrasions.
Chamomilla Recutita (<i>Matricaria</i>) Flower Extract	Extracts obtained from the flowers of the chamomile plant.	Skin feels moisturized, softer and smoother. Roughness and cracking are reduced. Soothes irritated, inflamed or injured skin. Fights inflammation.
Green Tea Leaf Extract	Green tea contains vitamins, minerals and oils.	Polyphenols in green tea have antioxidant and anti-cancer properties.
Comfrey Root Extract	Extracts obtained from the roots and rhizomes of the comfrey plant (<i>Symphytum officinale</i>).	Fights uncontrolled multiplication of cells (cancer), tightens pores, and soothes irritated, inflamed or injured skin. Fights inflammation.
Ginseng Extract	Extracts obtained from the root of the ginseng plant.	Soothes irritated, inflamed or injured skin. Fights inflammation.
Calendula Extract	Extracts obtained from the marigold plant (<i>Calendula officinalis</i>).	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced.
Usnea Barbata Extract	A lichen extract.	Fights fungus, viruses and bacteria.
Grape Seed Extract	An extract obtained from grape seeds (<i>Vitaceae</i> family).	Skin feels moisturized, softer and smoother. Roughness, cracking and irritation are reduced.
Ascorbic Acid (Vitamin C)	Synthetic or plant-based vitamin.	This important antioxidant helps heal wounds and repair damaged tissue.
Retinyl Palmitate (Vitamin A)	Semi-synthetic or synthetic compound.	Normalizes skin, and helps it to stay soft and plump. Significantly increases skin thickness, and elasticity.
Cholecalciferol (Vitamin D3)	Semi-synthetic compound derived from a D vitamin and protein fragments.	Fights psoriasis, skin aging, DNA damage, inflammation, and cancer. Also helps heal wounds and repair damaged tissue. (http://pi.oregonstate.edu/infocent)

		er/skin/vitaminD/)
Thiamine HCL (Vitamin B1)	Synthetic compound.	Promotes growth and repair of all body tissues.
Niacin (Vitamin B3)	A component of the B Vitamin Complex. Found in dairy products, poultry, fish, lean meats, nuts, and eggs. Legumes and enriched breads and cereals also supply some niacin.	Helps in the functioning of the skin (and digestive system and nerves).
Phytodione (Vitamin K)	A fat-soluble compound found in alfalfa, hog liver, fish meal, vegetable oils, green leafy vegetables, cheese, butter and egg yolks.	Helps heal wounds.
Allantoin	Synthetic compound derived from urea or extracted from the herb comfrey.	Helps heal wounds and skin ulcers. Stimulates the growth of healthy tissue.
MSM (Methylsulfonylmethane)	A natural form of organic sulfur found in all living organisms. Sulfur is found in many common foods, including raw milk, meat, fish and a variety of fruits, vegetables, and grains.	An antioxidant, it also alleviates pain and inflammation. Promotes healing of and soothes cuts, scrapes, burns and damaged skin.
BHT (Butylated hydroxytoluene)	Synthetic compound.	This antioxidant helps cold sores heal faster, and alleviate genital herpes symptoms.

Stubborn skin condition? One surprisingly simple skin-care choice?

Can *InfiniteAloe Advanced Formula Skin Care Cream* also help with stubborn skin conditions like acne, psoriasis and eczema?

Although we never have and never will promote or validate incredible results attributed to *InfiniteAloe Advanced Formula Skin Care Cream*, many customers say they (or a loved one) have experienced at least symptomatic relief from one or more of the following skin (and other) conditions:

- | | | |
|--|---|--|
| <ul style="list-style-type: none"> → Eczema → Psoriasis → Acne → Skin Fungus → Joint Inflammation → Hives → Rash → Abrasions/Road Rash → Athlete's Foot → Burns → Cold Sores/Fever | <ul style="list-style-type: none"> Blisters → Cuts → Diaper Rash → Poor Circulation → Scars → Bed Sores → Bursitis → Cracked Feet → Dandruff → Insect Bites/Stings → Windburn | <ul style="list-style-type: none"> → Allergic Rashes/Contact Dermatitis → Calloused Skin → Cracked Hands → Dermabrasion → Itching → Stretch Marks → Arthritis → Blisters → Chapped Lips/Skin |
|--|---|--|

- | | | |
|-----------------------|-------------------------|-------------------------|
| → Dermatitis | → Bruises | → Scrapes |
| → Folliculitis | → Cradle Cap | → Rosecea |
| → Jock Itch | → Diabetic Skin | → Ringworm |
| → Razor Burns | → Conditions | → Poison Ivy/Oak |
| → Sunburn | → Lupus | → Rashes |
| → Ashy Skin | → Varicose Veins | |

Here are just a handful of the thousands of stories of the relief people with stubborn skin conditions say they have found after using *InfiniteAloe Advanced Formula Skin Care Cream*:

Eczema

"My daughter has had eczema since she was 3 months old, all over her body, but the last few years has mainly had it on her joints, between fingers, elbows and knees. Whilst visiting Las Vegas from the UK we tried a sample on offer. The next day there was a huge improvement which progressed. 3 days later we came and purchased some to take home."—JP, UK

"I began using your cream as a treatment for eczema. I had terrible scarring on my legs and arms. After about a week of use the scars were fading and the itch was gone. I will never stop using this product. Thank you."—SB, Battle Creek, MI

Psoriasis

"I had psoriasis on my forearm and I started using your skin cream for about 60 days and my psoriasis disappeared. I continue to use your product for dry skin. I have been going to a dermatologist for about 10 years and tried every ointment and cream on the market. None has worked except for this product."—JG, Las Vegas, NV

"My husband suffers from unusually dry skin, which causes great discomfort, primarily from itching. After using your skin cream for a day the itching stopped completely. I've had psoriasis for 20 years. After using your skin cream on the affected areas for 2 days the dry scales went away. I'm going to continue to use it every day in hopes my psoriasis will finally go away completely."—TK, NJ

Acne

"I usually peel all the time due to my acne. After using you skin cream I have noticed a dramatic difference in the texture of my skin and the way it doesn't peel off now. I truly recommend this to anyone and everyone

with dry skin."—AC, Las Vegas, NV

"We tried your skin cream for the first time and were very amazed at the many different uses from sore, cracked feet to very rough hands I had my son try some on his acne and it cleared up almost instantly! We all love it!"—KJ, Las Vegas, NV

Scars

"I had an allergic reaction to tomato juice that caused a scar just below my lip. After a week of using your skin cream the scar had faded. And after two more weeks my make-up now covers the scar very well and it is no longer noticeable."—SH, Las Vegas, NV

"I had a scar on my arm from a burn and I put your cream on it and now it's almost completely gone."—CB, El Segundo, CA

Cracked Feet

"Hi, My name is Kaye and I want to thank you for introducing me to this product. We got to Vegas Monday and I bought it then. My feet were any woman's worst nightmare, dry, cracked to the point of almost bleeding. I've used it for three days and my husband even notices how much softer they are. I love it and will buy more before I leave. Thanks again."—K, Spokane, WA

"I bought the cream for my wife. She loves it, but I've decided that I do too! We've used it on hands, face and rough cracked feet. Wonderful!"—B&SH, Springfield, IL

Stretch Marks

"All my life I thought I was stuck with my stretch marks. I didn't believe or never believed that I find something like this that would take them away. I have been using it since December and they are slowly disappearing. Great and wonderful product!"—ET

*"I came a year ago with some friends and bought your cream. I used it on my toes and heels because they were very very dry. After one application my feet felt SO much better. One of the sales reps told me to use it on my stretch marks and after 6 months the stretch marks have faded. I have never used a product that did wonders like this one! I have all of my friends hooked on this product!"—
CM, San Diego, CA*

Dermatitis

"Your skin cream has given me relief from the itching and burning of stress dermatitis for the first time in five years. Finally I am able to sleep through the night! I'm so grateful that I found this effective healing cream. Thank you. P.S The inflammation is subsiding and the flaking has all but disappeared. I've only been using it for the past 9 days."—CO

"My children have a topic dermatitis. After one use we could see a difference. There

skin cleared up. Before using this product we had used several prescribed topical agents, with very little success."—CF, Augusta, GA

Folliculitis

"I had a dry spot on my right shin for 7 years, nothing else worked until I tried your product, and it disappeared."—SS, Los Angeles, CA

Ashy Skin

"Your product was amazing in how it blended my ashy skin spots in with the rest of my skin. It was fast and effective."—SC

Lupus

"I'm Debbie and I was diagnosed with Lupus 4 years ago. Along with that I also have Beynaud's syndrome. My hands are very dry and swell up and they also get very cold and turn white. I've been using your skin cream for about a year and have found a tremendous difference in my hands. I really love the product and won't use anything else."—DW, Rosemead, CA

There's never been a better time to let your skin have the last word on the skin-care cream you should actually be using

InfiniteAloe Advanced Formula Skin Care Cream was voted '**Best of LA TV Viewer's Choice**' in the Skin Care/Skin Care Cream category 2 years in a row. It is not some cheap skin cream with some cheap ingredients in it. We'd be surprised if you find a comparable skin-care cream in your favorite department store.

How much do you think *InfiniteAloe Advanced Formula Skin Care Cream* should cost?

Remember, because it contains dozens of ingredients found in just as many different creams, it also saves you the bother of spending hundreds of dollars each month.

At \$50 for a 4 oz jar, *InfiniteAloe Advanced Formula Skin Care Cream* is already far less expensive than some of the more popular brands.

But you won't be paying anything near that if you take us up on our best deal ever today.

Save \$65.05 on your first purchase of *InfiniteAloe Advanced Formula Skin Care Cream*

For a limited time, you can have a . . .

Benedict Paul Copywriting

- ✓ 4.0 oz jar of *InfiniteAloe Advanced Formula Skin Care Cream* (normally \$50)
- ✓ 4.0 oz jar of *InfiniteAloe Advanced Formula Scrub* (normally \$40) **AND** a
- ✓ 0.5 oz jar of *InfiniteAloe Advanced Formula Skin Care Cream* (normally \$10)

... for only ~~\$100~~ **\$34.95**.

That's less than the price of a 4 oz jar of *InfiniteAloe Advanced Formula Skin Care Cream*.
