

I want this for my child

I want this for my child

## Introducing Pioneer World School

### Because no child should be a prisoner of education

What good is an education that condemns a child to a backbreaking grind of endless school periods, books, homework and tuition? At Pioneer World School, the unique individual inside every student comes first. That's why, Pioneer uses the STEAM\* education approach to make your child ready for life beyond school. Our American curriculum follows the US AERO<sup>†</sup> Common Core Plus Standards across grades K-12. Upon graduation your child receives an American High School Diploma. Pioneer welcomes new students (nursery through Grade 12) throughout the year.

Plot #16, Kavuri Hills (Extension of Road #36, Jubilee Hills).
